

Hello Everyone!

It's Cybersecurity 1st Friday!

Welcome back for the October event!

We will look at some highlights from the Colorado Springs Chamber & EDC's D.C. Fly in!

We will hear from Michael Best, BISO, Data Center Global Operations at Equinix explaining their data center portfolio and participate in an ICS/OT discussion.

We will meet Aleta Jeffress, the new CEO at the National Cybersecurity Center where she will provide a strategic update on their initiatives.

Renée Kimball is a BISO and National Manager at Toyota North America. She will explain what a BISO is and provide some background on the evolution of this much needed role in larger and more complex organizations.

This month's sponsor and keynote presenter will be Murray Security Services, which was founded to address the growing need to train and certify various information and cyber security professionals as well as provide professional consulting services to clients who understand that information and cybersecurity are important but lack the ability to perform all the necessary activities to secure their business.

We will have updated community announcements and other event dates as well and we will have some additional Cybersecurity First Friday merchandise.

October's food option is free pizza from [Pizza Time!](#)

October's First Friday will be held at the National Cybersecurity Center and is co-hosted by the Murray Security Services and Colorado Springs Chamber & EDC.

REGISTRATION IS REQUIRED: www.cybersecurityfirstfriday.com Please create an account and/or register for October's Cybersecurity First Friday on our website!

So, grab your favorite beverage and join us.

Hope to see you there!

Shawn & Vinnie
